

CALL FOR PAPERS TOWARDS “*BUILDING STRATEGIES FOR INCLUSIVE GROWTH: KA LEBELO LA NTSHOEKHE*”

Lesotho, a nation with a rich cultural heritage and a history of resilience, is on the threshold of celebrating its bicentennial anniversary. Over the past two centuries, Lesotho has overcome numerous challenges and achieved significant milestones in its development journey. However, like many nations, Lesotho faces persistent economic, social, and environmental issues that require innovative solutions and collective action.

The primary objective of the symposium "Building Strategies for Inclusive Growth: KA LEBELO LA NTSHOEKHE" is to facilitate discussions on fostering inclusive growth in Lesotho. Papers are required on the basis of below topic:

Economic Diversification and Sustainable Development

Strategies for Economic Diversification: A Path to Sustainable Development and Economic Resilience

Investing in Human Capital

Skills Development and Vocational Training: Catalysts for Economic Growth and Poverty Alleviation

Green Financing and Budgeting for Inclusive Growth

Green Financing Mechanisms: Driving Renewable Energy Investments and Climate Change Mitigation

Innovation, Technology, and Entrepreneurship

Innovation Ecosystems and Government Policies: Fostering Technological Advancements and Economic Growth
